## JUNIOR Winter Training Program

ON THE 50/70 FIELD

PBI's "Junior Winter Training Program" is the most intense and thorough *Position Specific Off-Season Training Program* available for players that are on the 50/70 field. This program will extensively key in on the fundamental and advanced skills needed for the 50/70 game of "real baseball". The JRWTP will bring you to the doorstep of the 2018 season fully prepared and ready to go!

# Attention 11u & 12u (50/70 field) Baseball Players

## GOALS OF THE PROGRAM

- Prepare players to enter their high school season at peak performance.
- Condition players skills, knowledge and execution to top personal performance.
- Educate players on injury prevention and staying healthy thru the season.

## OFFENSIVE TRAINING DETAILS

This year, the PBI Junior Winter Training Program will include strength, agility and conditioning, along with our Major League Hitting Process designed by current manager of the Pittsburgh Pirates, Clint Hurdle. Clint was the manager of PBI President, Doug Cinnella in the NY Mets system for 4 years.

This hitting wisdom has been imparted to the PBI staff. The PBI staff takes this information and breaks it into several parts, known as the Process of Hitting. The Process of Hitting involves:

- \*Creating a "Personal Hitting Mission Statement"
- \*Know what kind of hitter you are;
- \*Have a "Plate Plan"
- \*Develop confidence and trust in their hitting abilities.
- \*Stay in Control

All of the proper foundations and basic skills of hitting will be taught and reinforced by the PBI staff while developing the aforementioned major components to what it takes to be a successful hitter. Hitters will hit live pitching during the month of February & March along with the repetition of BP, front toss and various other hitting drills, all designed to improve personal hitting skills quickly.

All hitters in the 3 & 4 month program will be evaluated by our state of the art video capture system known as "Pro Mirror". This analytical hitting system allows our coaches to compare, side-by-side hitting analysis with Major League Hitters to improve a hitters performance instantaneously. This hitting system has been in use by all 30 Major League Ballclub's. Proven, effective results.

## DEFENSIVE TRAINING DETAILS

All position players will take thousands of ground balls and work on the footwork needed to be a good defensive baseball player. Various stations of skills training will be used, including short hop play, long and medium hops, cut-off and relay positioning, double play approach from 2B and SS sides of the bag, first base play and approach, full throws from every infield position, including slow roller approaches and pitchers fielding practice (PFP).

Outfielders will work on angles, and quick recognition skills training for a quick release on throws from the outfield. There will be limited fly ball and line drive work for all outfielders. Most outfielders are really in the lineup because of their ability to hit, so although there is a limited amount of fly ball work to be done indoors during the winter months, truth be told, outfielders better be able to hit !!!!

***The JRWTP, along with New Jersey's best coaching staff to bring you a winning combination of total baseball training in New Jersey's finest indoor facility in Oakland at the NJ Sports House.***
