EAGLES TRAIN AS A TEAM THRU JAN., FEB. & MARCH IN PBI's...

PRE-SEASON WINTER TRAINING PROGRAM

PSWTP DETAILS

PBI's "Pre-Season Winter Training Program" is the most intense and thorough off-season training program available for 9 & 10 year old baseball players that are playing on the 46/60 field. This program will extensively key in on both fundamental and advanced skills. The PSWTP will bring you to the doorstep of the 2016 baseball season fully prepared and ready to go!

GOALS OF THE PROGRAM

- ➔ Prepare players to enter their season at peak performance.
- ➔ Condition players skills, knowledge and execution to top personal performance.
- ➔ Educate players on injury prevention and staying healthy thru the season.

PLAYERS WILL TRAIN IN BOTH THE INFIELD, OUTFIELD AND ALSO

AS PITCHERS. ALL PLAYERS WILL HIT AND BASERUN.

Only players who wish to catch will work on their catching skills.

HITTERS TRAINING DETAILS

All players will work on their hitting & base-running skills

In January, hitters will learn and develop hitting skills through tee work & drills that focus on mechanics and proper fundamentals for each individual hitter. Hitting inside & outside pitches in addition to hitting various speeds of pitches will be worked on. Situational hitting & live BP will be the norm in February and hitters that are capable and ready will compete in live situations in March. Base-running skills from all bases will also be a focus of our attention as well.

INFIELDERS TRAINING DETAILS

We will develop a proper approach to all types of ground-balls. This includes routine, backhand, glove side, slow-rollers, high-choppers, short-hops, harder hit balls, and line-drives. Proper footwork, double plays, making tags, relay throws, 1st and 3rd responsibilities, run-downs, bunt defenses, and pick-off plays will be covered. During the course of a game infielders need to execute throws from a wide variety of arm angles and body positions. We will work on the proper mechanics of these throws, and learn how to treat every throw "with a purpose." 1st base play will also be covered.

OUTFIELDERS TRAINING DETAILS

As an outfielder footwork is "key." Footwork on all ground and fly-balls must be highly developed. In the outfield we will work on routine ground and fly balls, angles of approach to ground and fly-balls, and getting a strong and accurate throw to the infield quickly. Offensively, all outfielders will work with our hitting instructors + practice their base-running.

PITCHERS TRAINING DETAILS

All pitchers will learn to develop "command" of their fastball (4-seam, 2-seam) regardless of how hard they throw. Once our fastball is established; pitchers will then develop and improve upon a change-up that they are capable of throwing consistently. In March we will compete in live situations. Pitchers will learn how to throw bullpens properly as well as developing a game plan. Pitching strategy will be a main focus as well. Defensively, we will improve quickness and awareness of overall pitchers fielding practice.

CATCHERS TRAINING DETAILS

Only players who wish to work on their catching will catch

Catchers will work on not only the physical, but also the mental skills required to be proficient behind the "dish." Areas of concentration are: Receiving, blocking, throwing to all bases, fielding bunts, "plays at the plate," tags, double plays, and run-downs. Understanding pitchers and calling a game will be discussed as well. Catchers will not only learn and develop the physical skills needed to be a good catcher, but the mental aspects of how to control the game, the team, and be a leader on the field will be enhanced. As a catcher your priority is defense. Making your pitcher look good and keeping your team "in the game" is your job.
