PRE-SEASON WINTER TRAINING PROGRAM

PSWTP DETAILS

PBI's "Pre-Season Winter Training Program" is the most intense and thorough off-season training program available for 9 & 10 year old baseball players. This program will extensively key in on both fundamental and advanced skills. The PSWTP will bring you to the doorstep of the 2017 baseball season fully prepared and ready to go!

GOALS OF THE PROGRAM

- Prepare players to enter their season at peak performance.
- Condition players to top personal performance.
- Improve players' position specific skills, knowledge and execution.

PROGRAM OVERVIEW

All players will be put on a progressive throwing program to develop arm strength and health. Players will work on both infield & outfield skills. Players will pitch, and players who choose to do so, will work "behind the plate" on their catching.

All players will be on a progressive hitting program. Starting off with swing fundamentals & leading up to taking situational at-bats. The program also includes base-running skills.

In March, the main focus of the workouts will be Live Situations. Each hitter will take situational at-bats while pitchers will be capable of throwing competitive pitches prior to the start of the season.

- Pitchers will throw in **live simulated game situations**.
- Hitters will take **live simulated at-bats**.
- Catchers will also **throw full distance** to all bases.
- Outfielders & Infielders will field in **live simulated game situations**.

SCHEDULE OPTIONS

You may join the program and train for either 1 or 2 months

Day	Time	February	March
Monday's	5:00- 7:00PM	2/6, 13, 20, 27	3/6, 13, 20, 27

PLAYERS WILL TRAIN IN BOTH THE INFIELD, OUTFIELD AND ALSO

AS PITCHERS. ALL PLAYERS WILL HIT AND BASERUN.

Only players who wish to catch will work on their catching skills.

HITTING TRAINING DETAILS

(All players will work on their hitting & base-running skills)

In January, hitters will learn and develop hitting skills through tee work & drills that focus on mechanics and proper fundamentals for each individual hitter. Hitting inside & outside pitches in addition to hitting various speeds of pitches will be worked on. Situational hitting & live BP will be the norm in February. In March; hitters will take live situational at bats with our new ProBatter© Virtual Simulator. Base-running skills from all bases will also be a focus of our attention as well.

INFIELD TRAINING DETAILS

We will develop a proper approach to all types of ground- balls. This includes routine, backhand, glove side, slow- rollers, high- choppers, short- hops, harder hit balls, and line- drives. Proper footwork, double plays, making tags, relay throws, 1st and 3rd responsibilities, run- downs, bunt defenses, and pick- off plays will be covered. During the course of a game infielders need to execute throws from a wide variety of arm angles and body positions. We will work on the proper mechanics of these throws, and learn how to treat every throw "with a purpose." 1st base play will also be covered.

OUTFIELD TRAINING DETAILS

As an outfielder footwork is "key." Footwork on all ground and fly- balls must be highly developed. In the outfield we will work on routine ground and fly balls , angles of approach to ground and fly- balls, and getting a strong and accurate throw to the infield quickly.

PITCHING TRAINING DETAILS

All pitchers will learn to develop "command" of their fastball (4-seam, 2-seam) regardless of how hard they throw. Once our fastball is established; pitchers will then develop and improve upon a change- up that they are capable of throwing consistently. In March we will compete in live situations. Pitchers will learn how to throw bullpens properly as well as developing a game plan. Pitching strategy will be a main focus as well. Defensively, we will improve quickness and awareness of overall pitchers fielding practice.

CATCHING TRAINING DETAILS

(Only players who wish to work on their catching will catch)

Catchers will work on not only the physical, but also the mental skills required to be proficient behind the "dish." Areas of concentration are: Receiving, blocking, throwing to all bases, fielding bunts, "plays at the plate," tags, double plays, and run- downs. Understanding pitchers and calling a game will be discussed as well. Catchers will not only learn and develop the physical skills needed to be a good catcher, but the mental aspects of how to control the game, the team, and be a leader on the field will be enhanced. As a catcher your priority is defense. Making your pitcher look good and keeping your team "in the game" is your job.
