JR. WINTER TRAINING PROGRAM

PBI's comprehensive Defensive and Offensive program.

JRWTP DETAILS

The Junior Winter Training Program is tailored specifically for players on the 50/70 field. Players enter the program according to their position. 1B, 3B, MIF, OF.

As usual with all of PBI's specialty training programs players will intensively work on their defensive and hitting skills. But what makes this program unique is that we will extensively key in on the fundamental skills needed for the 50/70 game> All the baserunning aspects such as holding runners on, bunt defenses, 1st & 3rd defense, baserunning from an offensive prospective and so on.

GOALS OF THE PROGRAM

- ➔ Prepare players to enter their season at peak performance.
- ➔ Condition players skills, knowledge and execution to top personal performance.
- ➔ Educate players on injury prevention and staying healthy thru the season.

SCHEDULE OPTIONS

➔ # OF MONTHS... CHOOSE 4 -or- 3 -or- 2 -or- 1

Day	Time	December	January	February	March
Tuesday	6:00- 8:00PM	12/5, 12, 19	1/2, 9, 16, 23	1/30, 2/6, 13, 20	2/27, 3/6, 13, 20, 27

STRENGTH. AGILITY. CONDITIONING... This year, the PBI Junior Winter Training Program will include strength, agility and conditioning, along with our Major League Hitting Process designed by current manager of the Pittsburgh Pirates, Clint Hurdle. Clint was the manager of PBI President, Doug Cinnella in the NY Mets system for 4 years.

OFFENSIVE TRAINING... This hitting wisdom has been imparted to the PBI staff. The PBI staff takes this information and breaks it into several parts, known as the Process of Hitting. The Process of Hitting involves:
*Creating a "Personal Hitting Mission Statement"... *Know what kind of hitter you are... *Have a "Plate Plan"... *Develop confidence and trust in their hitting abilities... *Stay in Control

All of the proper foundations and basic skills of hitting will be taught and reinforced by the PBI staff while developing the aforementioned major components to what it takes to be a successful hitter. Hitters will hit live pitching during the month of February & March along with the repetition of BP, front toss and various other hitting drills, all designed to improve personal hitting skills quickly.

All hitters in the 3 & 4 month program will be evaluated by our state of the art video capture system known as "Pro Mirror". This analytical hitting system allows our coaches to compare, side-by-side hitting analysis with Major League Hitters to improve a hitters performance instantaneously. This hitting system has been in use by all 30 Major League Ballclub's. Proven, effective results.

DEFENSIVE TRAINING... All position players will take thousands of ground balls and work on the footwork needed to be a good defensive baseball player. Various stations of skills training will be used, including short hop play, long and medium hops, cut-off and relay positioning, double play approach from 2B and SS sides of the bag, first base play and approach, full throws from every infield position, including slow roller approaches and pitchers fielding practice.

Outfielders will work on angles, and quick recognition skills training for a quick release on throws from the outfield. There will be limited fly ball and line drive work for all outfielders. Most outfielders are really in the lineup because of their ability to hit, so although there is a limited amount of fly ball work to be done indoors during the winter months, truth be told, outfielders better be able to hit !!!!

YOUTH PITCHING HEALTHY PROGRAM

All Pitching. PBI's premier pitching program.

Why the Youth Pitching Healthy Program?

Due to the epidemic of serious throwing arm injuries throughout the United States, PBI in conjunction with the Baseball Health Network (BHN) have created the "Pitching Healthy" Program.

Industry leading pitching coaches Steve Hayward (Boston Red Sox '93-'94), Artie Lewicki (Current Detroit Tigers), Doug Cinnella (Orioles '86-'87, Expos '88-'89, Mets '90-'93, Yankees '95), Gianni Zayas (Mariners '15), Justin Valdespina (Current Colorado Rockies), and Jack Winters (Current NYU Pitching Coach). Current NY Yankees team physician Dr. Christopher Ahmad oversees all aspects of arm care and health. Keith Cedro, NY Mets Major League Strength Coach ('86-'97) will oversee all aspects of **pitcher specific** strength and conditioning.

This program was developed for the **advanced level youth pitcher**. Pitching Healthy was collectively designed by the Professional Staff of PBI and the Baseball Health Network (BHN), including legendary pitching coaches Leo Mazzone (Atlanta Braves '90-'05) & Mel Stottlemyre (Mets '84-'93, Astros '94-'95, Yankees '96-'05, Mariners '08).

Through our knowledge, experience, and research, we developed this program to fully prepare pitchers for their upcoming season. From a **progressive throwing regimen**, to a **strength, conditioning, flexibility, and mental training**. Pitching Healthy is guaranteed to improve you overall health and performance on the field.

PBI has been developing winning pitchers for over 20 years.

PITCHING HEALTHY DETAILS

OVERVIEW... Each pitcher is given a **custom program** to follow based on the results of their **personal evaluation**, goals, training background and medical history.

All pitchers will be put on a progressive throwing program which will ensure each pitcher properly "conditions" their throwing arm prior to stepping on the mound. We will also utilize our, "**Pro Mirror**" **video system** as part of our "Pitching Performance Center". Our goal is to allow each pitcher to find their own natural rhythm and arm slot to maximize their efficiency on the mound.

EVALUATION... Each pitcher will be evaluated by a Cincinnati Reds, Tampa Bay Rays, or NY Yankees scout to determine their pitching abilities and deficiencies. Pitchers will also be put through a series of **physical assessments** to determine any injury risks, dysfunctions, imbalances, strengths or weaknesses that may be present, as well as create baseline for function and athletic qualities. Pitchers will be evaluated at the beginning, and at the conclusion of the program.

PROGRAM STRUCTURE... Each session will begin with a warm-up and movement prep. Followed by a Pitching Specific, Functional Strength, Conditioning and/or Drill work stations. We will conclude every session with a cool down and discussion on a specific topic (nutrition, mental preparation, etc.)

The PHP will meet on Wednesday's and Saturday's from December thru mid March. In February & March, pitchers will attend one of PBI's "Junior / Senior Winter Training" program sessions to pitch live to hitters.

SCHEDULE

2 sessions per week ... plus a 3rd "Live Day" in Feb & March

Day	Time	December	January	February	March
Wednesday	5:30- 7:00PM	6, 13, 20	3, 10, 17, 24, 31	7, 14, 21, 28	7, 14
