JR. WINTER TRAINING PROGRAM

PBI's comprehensive Defensive and Offensive program.

GOALS OF THE PROGRAM

- Prepare players to enter their season at peak performance.
- Condition players skills, knowledge and execution to top personal performance.
- Educate players on injury prevention and staying healthy thru the season.

JRWTP DETAILS

The Junior Winter Training Program is a complete 50/70 training package for all position players.

SCHEDULE OPTIONS

→ # OF MONTHS... CHOOSE 4 -or- 3 -or- 2 -or- 1

Day	Time	December	January	February	March
Tuesday	6:00- 8:00PM	12/4, 11, 18	1/8, 15, 22, 29	2/5, 12, 19, 26	3/5, 12, 19, 26, 4/2

STRENGTH, AGILITY, CONDITIONING... The PBI Junior Winter Training Program will include strength, agility and conditioning work under the watchful eye of **Keith Cedro**, former strength coach of the NY Mets.

OFFENSIVE TRAINING INCLUDES... The PBI hitting program Is designed by Clint Hurdle, Manager of the Pittsburgh Pirates, former Manager of the Colorado Rockies who Clint managed to the World Series in 2007. The hitting program is focused on balance and controlling the body before, during and after the swing. The swing path is tightened up so all hitters can be confident in their ability to make solid contact consistently. When our players can control their swings you will see increased exit velocity and launch angle off the bat. Bat speed will be maintained at the most effect rate for each hitter.

DEFENSIVE TRAINING INCLUDES... Extensive groundball work, turning double plays, diving, slow roller, off balance throwing including the ("**Derek Jeter**") jump throw technique. Run down execution, back hand/glove side training, short hop glove approach as well as building arm strength. Outfielders will work on arm strength, ground balls, slide-catch techniques with limited fly ball training. Foot work and angles on ground balls hit to the outfield will be worked on extensively.

YOUTH PITCHING HEALTHY PROGRAM

All Pitching. PBI's premier pitching program.

What is Youth Pitching Healthy (YPH) all about?

As a result of the increase in serious arm injuries, PBI and the Baseball Health Network (BHN) have created the pitching healthy initiative, available exclusively at PBI !!!!

Industry leading coaches **Steve Hayward** (Boston Red Sox '93-'94), **Doug Cinnella** (Orioles '86-'87, Expos '88-'89, Mets '90-'93, Yankees '95), **Gianni Zayas** (Mariners '15), and **Jack Winters** (Current NYU Pitching Coach). NY Yankees team physician **Dr. Christopher Ahmad** oversees all aspects of arm care and health. **Keith Cedro**, NY Mets Major League Strength Coach ('86-'97) will oversee all aspects of **pitcher specific** strength and conditioning.

This program was developed for the **advanced level youth pitcher**. Pitching Healthy was designed by the Professional Staff at PBI and the Baseball Health Network (BHN), including legendary pitching coach Leo Mazzone (Atlanta Braves '90-'05).

Through our knowledge, experience, and research, we developed this program to fully prepare pitchers for their upcoming season. Pitching Healthy is guaranteed to improve your overall pitching health and performance on the field.

PBI has been developing winning pitchers for over 20 years.

PITCHING HEALTHY DETAILS

OVERVIEW... Each pitcher is given a **custom program** to follow based on the results of their **personal evaluation**, goals ,training background and medical history.

All pitchers will be put on a progressive throwing program which will ensure each pitcher properly "conditions" their throwing arm prior to stepping on the mound. We will also utilize our, "**Pro Mirror**" **video system** as part of our "Pitching Performance Center". Our goal is to ensure that each pitcher finds their own natural rhythm and arm slot to maximize a healthy, efficiency delivery.

EVALUATION... Each pitcher will be evaluated by a Cincinnati Reds and Tampa Bay Rays scout to determine their pitching abilities and deficiencies. Pitchers will also be put through a series of **physical assessments** to determine any injury risks, dysfunctions, imbalances, strengths or weaknesses that may be present, as well as create baseline for function and athletic qualities. Pitchers will be evaluated continuously throughout the YPH program.

PROGRAM STRUCTURE... Each session will begin with a discussion on the days specific training goals, followed by a warm-up. We then break into the training stations for the day— Pitching Specific - Strength— Specialty Training work for pitchers.

Our format is setup **EXACTLY** like a Major League pitchers training camp. The YPH will meet on Wednesday's and Saturday's from December thru mid March.
