2021

# SPRING TEAM

*High School spring baseball, the most exciting time of the year for  
HS baseball players !!!!*

HOWEVER, it could also be one of the most frustrating times of the year for a number of reasons:

1. Too many players on the team
2. Not getting enough play time, or
3. You got cut after team tryouts, didn't get a fair chance.

*The answer is the PBI High School Spring Instructional League*

Maximum roster size is 14 players to ensure maximum play time. For team information contact Doug at 201-669-0191. For all other questions, contact our front desk at 201-760-8720 x100.

# PBI SPRING HIGH SCHOOL TEAM

Every March, hundreds of players are not chosen for their high school's team during tryouts. This can be a very confusing and unfamiliar experience, especially when you had been looking forward to playing for your school's team. One of the most difficult tasks that a high school coaching staff faces is to "cut" players. Many of these players could have been good enough to make the team, but some years there may be a larger pool of talent than normal. Also, coaches are limited to the amount of players that a roster can hold, therefore, a player may become a victim of numbers. That is where Professional Baseball Instruction's High School Spring Instructional Team comes in to play...

Sitting out for an entire spring, and trying to "pick it up" again in your summer league is a very difficult task. Especially when the players that you compete against in the summer have an entire high school season under their belts. During this time of the year, players need to work on their skills and develop them in game situations in order to improve and excel as serious baseball players. PBI's HS SIT affords players the opportunity to play a spring season vs. high school caliber competition under the tutelage of former professional players and coaches to improve upon the skills that they will need to compete at the high school level.

A large majority of players that are "cut" never give it another shot the following year. This is a concern that every high school coaching staff encounters when they make their decisions. Especially with "borderline" players- and with the players that may have been good enough, but encountered roster issues. High School coaches may see potential in players that they just cannot keep. But coaches do not want to lose these players for future years. Your coaches want to see you work hard, improve in the needed areas and come back next year.

## HS Spring Team Details

- ➔ HS SIT team is coached by a PBI Professional Coach
- ➔ Team competes in the USABL HS division
- ➔ 9-game regular season spring schedule + 1+ playoff(s)
- ➔ Games are scheduled for Sundays
