See page 3 for full details regarding the winter training

PREPARE FOR SUCCESS WITH PBI'S WINTER TRAINING PROGRAMS...

Choose either "Junior Winter Training Program" (JRWTP) ...or... Youth Pitching Healthy Program (YPHP) ...or... Both

JR. WINTER TRAINING PROGRAM

PBI's comprehensive Defensive and Offensive program.

GOALS OF THE PROGRAM

- ➔ Prepare players to enter their season at peak performance.
- ➔ Condition players skills, knowledge and execution to top personal performance.
- ➔ Educate players on injury prevention and staying healthy thru the season.

JRWTP DETAILS

The Junior Winter Training Program is a complete 50/70 training package for all position players.

SCHEDULE OPTIONS

➔ # OF MONTHS... CHOOSE 4 -or- 3 -or- 2 -or- 1

Day	Time	December	January	February	March
Tuesday	6:00- 8:00PM	12/5, 12, 19	1/2, 9, 16, 23	1/30, 2/6, 13, 20	2/27, 3/5, 12, 19, 26

STRENGTH, AGILITY, CONDITIONING... PBI consultant, Keith Cedro, former major league strength coach for the NY Mets understands the unique needs of the throwing athlete. Our strength program, designed by Keith, focuses on overall core strength, stability and physical conditioning. PBI has expanded it's strength training equipment. We have added squat racks, cable cross over ICARIAN machine and SMITH machine. We also use kettle bells, battle ropes, medicine balls, foam rollers, dumbbells, sleds, and a detailed band program for developing maximum, responsible, throwing arm strength.

OFFENSIVE TRAINING INCLUDES... The PBI hitting program is heavily influenced by Clint Hurdle, former World Series Manager with the Colorado Rockies. PBI will focus on balance, rhythm and controlling the body throughout the entire swing. Swing path, launch angle, exit velocity will all be a focus of the offensive training with the use of the Blast Motion bat sensors. For more details go to Blastmotion.com. The Pro Mirror video system will be used extensively to monitor progress of all athletes.

DEFENSIVE TRAINING INCLUDES... Extensive groundball work, turning double plays, diving, slow roller, off balance throwing including the ("**Derek Jeter**") jump throw technique. Run down execution, back hand/glove side training, short hop glove approach as well as building arm strength. Outfielders will work on arm strength, ground balls, slide-catch techniques with limited fly ball training. Foot work and angles on ground balls hit to the outfield will be worked on extensively.

YOUTH PITCHING HEALTHY PROGRAM

All Pitching. PBI's premier pitching program.

Why the Pitching Healthy Program?

The professional staff and the PBI consulting team has designed the best pitching program available for today's athletes. The demands for increased velocity have their place in the development of a pitcher, but velocity alone is not going to win a baseball game. **DO NOT CHASE VELOCITY:** Instead, **LET VELOCITY CHASE YOU.** PBI consultant, Keith Cedro, former major league strength coach for the NY Mets understands the unique needs of the throwing athlete. Our strength program, designed by Keith, focuses on overall core strength, stability and physical conditioning. PBI has expanded it's strength training equipment. We have added squat racks, cable cross over ICARIAN machine and SMITH machine. We also use kettle bells, battle ropes, medicine balls, foam rollers, dumbbells, sleds, and a detailed band program for maximum, responsible, throwing arm strength. The primary goals of the Pitching Healthy Program focuses on full body function as it relates to strength and flexibility.

PROGRAM DETAILS

OVERVIEW... All pitchers will work at their personal developmental pace. There is absolutely no way to structure the program across the board for everyone on a schedule. This customized approach will guarantee superior results for all our pitchers. PBI will be using the **RAPSODO** Pitching Analysis System. For complete details on RAPSODO Pitching go to RAPSODO.com. PBI will also use the "**PRO MIRROR**" video system and the **PITCH LOGIC** Training System. For details on PITCH LOGIC System go to PITCHLOGIC.com. Our goal is to allow each pitcher to find their own natural rhythm to maximize their efficiency on the mound.

EVALUATION... Each Pitching Healthy athlete will have a physical assessment done at the beginning of the program. These tests will help determine any injury risks, dysfunctions, imbalances and provide a baseline for their current physical condition. Each baseline test will give PBI the data to develop a personal training plan for each athlete.

PROGRAM STRUCTURE... Each session will begin with a warm-up and movement prep. Followed by pitching specific training including mechanical, mental and conditioning drill work. We will conclude every session with a cool down.

PLEASE CALL DOUG CINNELLA AT 201-669-0191 WITH SPECIFIC QUESTIONS ABOUT THIS PROGRAM

Day	Time	December	January	February	March
Wednesday	5:30- 7:00PM	12/6, 13, 20	1/3, 10, 17, 24, 31	2/7, 14, 21, 28	3/6, 13
